Commissioner of Patents and Trademarks

The Amendment filed 14 February 2002 as Paper No. 13 is found to be non-responsive with respect to the Application's compliance with the Sequence Rules as outlined in the Office Action mailed 28 August 2001, on page 3. Specifically, Applicant has failed to amend the specification to denote the sequence identification number beside the disclosed nucleotide sequences on page 18. Applicant is required to submit a Supplemental Amendment to bring the specification into compliance with 37 CFR § 1.821(d).
